

# Why Doncha Just

Music and Lyrics by Keith Herbert

## LEO

Why doncha just stay inside the ark and socialize  
Why doncha just be more free  
Why doncha just find some useful stuff to analyze  
Why doncha just be like me

Why doncha just loosen up a bit come dine with us  
Why doncha just join the crowd  
Why doncha just launch your fear and show some craziness  
Why doncha just laugh out loud

Time to be together differently  
Say the word I'll take the lead  
Stay the same I'll like you anyway  
That's guaranteed

Why don't we just swig some fancy drinks at Ender's Place  
Why don't I just hold you tight

## CASSIE

Why doncha just drop the cockiness and poker face  
I know you still think I'll bite

Why doncha just let me be the loner introvert

## LEO

Why doncha just be less weird  
Why doncha just style your hair and maybe wear a skirt

## CASSIE

Why doncha just grow a beard

## BOTH

Time to be together differently  
Say the word I'll take the lead  
Stay the same I'll like you anyway  
That's guaranteed

**LEO**

Why doncha just take what comes without the attitude  
Why doncha just write a poem

**CASSIE**

Why doncha just mind your p's and q's and don't be rude  
Why doncha just take me home

**LEO**

Why doncha just see the brighter side of being here  
Why doncha just learn to dance

**CASSIE**

Why doncha just worry less about the atmosphere  
Why doncha just learn romance

**BOTH**

Time to be together differently  
Say the word I'll take the lead  
Stay the same I'll like you anyway  
That's guaranteed

Why doncha just
